

## Basic Guide for participation in the RFME Spain Championship

### Categories Open 600 and Open 1000

- **Motorcycle:** 600cc or 1000cc (up to 1200cc for bi-cylindrical). We detail the minimum preparation you needed on the street version to pass technical verifications and that your motorcycle be accepted in the race. We recommend that you read the technical and sports regulations to know all the details as well as resolve any doubts that may arise. Don't forget that we are also available for you for anything.
